Freelance Instructor | Programming | Frontend Development | Technical Training

Nasr City, Cairo, Egypt | +20 103 290 7055 | rokayaghallab4@gmail.com

Portfolio: Rokaya Ali - Portfolio | GitHub: github.com/RokayaGhallab89

PROFESSIONAL PROFILE

Freelance Instructor with experience delivering programming and software-development training since 2022, combined with hands-on professional experience as a Frontend Developer. Experienced in technical instruction, learner support, project-based learning, moderation, and project coordination. Strong Computer Science background with practical expertise in Frontend Development, React.js, Next.js, JavaScript, WordPress, REST APIs, and development-related tracks including Backend Development and Data Analysis.

INSTRUCTION & PROJECT EXPERIENCE

Freelance Instructor | Programming & Development | 2022 – Present

- Deliver freelance programming and software-development instruction through project-based learning.
- Support learners across Frontend Development, Backend Development, programming fundamentals, and related technical tracks.
- Explain technical concepts through practical exercises, projects, and hands-on development tasks.
- Adapt instructional approach to different learner levels, project requirements, and technical topics.
- Support learners in understanding development workflows, debugging, and applying concepts to practical projects.

Coordinator & Moderator | EYOUTH | 2022 – Present

- Worked as a Coordinator and Moderator across different EYOUTH projects.
- Coordinated project activities, communication, follow-up, and day-to-day project requirements.
- Moderated learner and project activities and supported engagement, communication, and smooth project execution.
- Collaborated with project teams to organize activities and ensure effective delivery.

Freelance Instructor | NTI | Project-Based

- Worked as a freelance Instructor on NTI project-based training activities.
- Delivered programming and development-focused instruction and learner support.
- Applied practical, project-based approaches to help learners understand and apply technical concepts.

SOFTWARE DEVELOPMENT EXPERIENCE

Frontend Developer | Next.js & React.js | Servix Agency | Jan 2026 – Present

- Build responsive, production-ready web interfaces using Next.js, React.js, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Translate UI/UX designs into reusable components and responsive layouts across desktop, tablet, and mobile.
- Integrate REST APIs and dynamic data, including forms, validation, loading states, error handling, and interactive flows.
- Maintain and customize WordPress and WooCommerce websites and support deployment and production fixes.

Frontend & WordPress Developer | Roaa PDA | Jan 2025 – Dec 2025

- Developed responsive websites and landing pages using WordPress, Elementor, HTML, CSS, and JavaScript.
- Customized themes, templates, navigation, forms, and reusable content sections.
- Supported hosting, domain, deployment, backup, maintenance, and frontend troubleshooting.

Web & WordPress Developer | Namaa Foundation | Jan 2024 – Dec 2024

- Built and maintained responsive WordPress pages for organizational programmes, campaigns, news, and public-facing information.
- Implemented frontend updates using HTML, CSS, JavaScript, and WordPress tools.
- Handled website troubleshooting, content updates, forms, backups, hosting coordination, and technical support.

Frontend Developer | React.js | CodeSoft | Jan 2023 – Dec 2023

- Developed responsive frontend interfaces for business and ERP-related web applications using React.js, JavaScript, HTML, and CSS.
- Built reusable components, forms, tables, and data-driven UI elements and connected them with backend services through REST APIs.
- Debugged interface issues and supported feature testing and production-ready releases.

Junior Frontend & WordPress Developer | SoftKhana | Jan 2022 – Dec 2022

- Created responsive landing pages and website sections using HTML5, CSS3, JavaScript, and WordPress.
- Customized WordPress themes, styling, layouts, and content while supporting hosting and deployment tasks.
- Tested websites across devices and browsers and provided ongoing maintenance support.
